

Dear members of the Newton City Council,

RE: "Washington Place"

My name is Ashley Willox and I work in Newton. However, I live in West Roxbury. It would be much easier for me to live in town but I can't seem to find a rental apartment that is within my budget. Luckily, the new Washington Place proposal (and hopefully more projects like it in the future) might actually give me a chance to relocate to Newton and make my life a whole lot easier. There must be many people – especially in my generation - in this same situation and we need help to be able to afford to live here. Newton is a beautiful place to work and I would love to live here as well. Maybe Washington Place can make that a possibility. Thank you very much!
