

Dear Councilor *Baker, (Lisle)*

RECEIVED  
Newton City Clerk  
2016 NOV 18 PM 12:52  
David A. Olson, CMIC  
Newton, MA 02459

Please consider approving the Washington Place project that is proposed for Newtonville.

Having affordable housing in Newton should be a priority and voting yes for this community oriented development would bring greatly needed housing to the area.

The Washington Place project will take a tired, rundown part of our city and give it much needed rejuvenation.

We support the local developer who wants to improve this section of our city. We hope you will support him too.

Thank you for your consideration,

*Sharon + [Signature]*
